Mr Paul Harvey

Date: 3 May 2018

Dear Mr Dever

NORTH WALES WORKING WELL TOGETHER GROUP

I am writing to thank Adever for the support given to the North Wales Working Well Together (WWT) group during 2017-18.

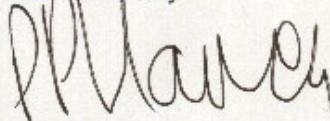

Last year the group delivered two Safety Health Awareness Days that were well received and provided Asbestos Awareness training to local contractors.

It is impossible to calculate just how many accidents and cases of ill health have been prevented by the work of WWT. However, when my team of Inspector's visit sites, they often meet workers who are better informed and are actively ensuring the health and safety of themselves, their colleague and ultimately their companies.

WWT is an excellent example of HSE and industry acting together to support micro and small construction businesses whilst also contributing to the aims of HelpGBWorkWell.

I would be grateful if you would accept my thanks for both your corporate and personal support.

Yours sincerely

Paul Harvey
HM Principal Inspector of Health and Safety
